FOREST DEPARTMENT

NOTIFICATION

Simla-171002., the 30th May, 1975

No. 10-26/72-SF.—Whereas the Government of Himachal Pradesh has set up Himachal Pradesh State Forest Corporation Ltd. (herein after called the Corporation) for taking over the Government Rosin and Turpentine Factories in Nahan and Bilaspur; for taking over Departmental Timber and Resin tapping works; and to achieve complete nationalisation of Forest working;

And whereas the State Government have already transferred the management of two Government Rosin and Turpentine factories to the said Corporation in the first phase of the aforesaid taking over programme;

And whereas the Government has now decided to transfer to the Corporation, in the second phase, the departmental Resin Tapping works being executed under the State Government in Kangra, Nurpur, Hamirpur, Una, Mandi, Nachan, Suket, Bilaspur, Saraj, Kulu and Rajgarh Forest Divisions (hereinafter referred to as division(s) with immediate effect;

Now, therefore, the Governor of Himachal Pradesh is pleased to order the transfer of the departmental Resin Tapping works being executed under the State Government, in Kangra, Nurpur, Hamirpur, Una, Mandi, Nachan, Suket, Bilaspur, Saraj, Kulu and Rajgarh Forests Divisions to the Corporation on the following terms and conditions with immediate effect:—

1. that Resin Tapping works being transferred to the Corporation shall be executed by the Corporation on a lease for a period of ten years from 1-1-75 in accordance with the terms as may be mutually agreed upon by the Government with the Corporation. The necessary lease deed shall be executed by the Corporation. The Government, without prejudice to any other right which may be available to it, may after giving a notice in writing of three months, determine the lease before the lease period, and the Corporation shall not have right to claim any damages for the premature termination of the said lease.

The Government, if satisfied that it is expedient so to do, may renew the period of lease beyond 31.12.84 AD on such terms and conditions and for such further period as mutually agreed upon by the Government on one hand and the Corporation on the other;

2. That for the rights to tap and remove resin blazes the Corporation shall pay the royalty every year on the following basis:—

- (a) the Government must get a minimum base price/royalty for the resin blazes transferred as equivalent to the net revenue realized by the Government during the year 1974-75 from these Resin

blazes, based on this assumption the following will be the formula:—

- (i) the Corporation shall pay for the year 1974-75 the base price/interim price equivalent to the total net revenue earned by Government from departmental resin as well as from the sale of resin blazes to the contractors. This figure will be arrived at by applying the final price of resin for 1974-75 i.e. 1-4-74 to 31-3-75 season to the total resin yield obtained through departmental tapping and deducting from this the actual expenditure which the Government incurred for extraction and delivery for Corporation factories transferred to it in the first phase of the taking over programme;
- (ii) for resin blazes auctioned for tapping and loading for supply to the Corporation factories, the net income will be computed by adding to the royalty received by the Government in auction, the difference of the final price of loaded resin and the one paid to the contractors during 1974-75 season, as illustrated below:—

Royalty received plus price of loaded resin(—) price paid for the supplies to the contractors.
- (iii) The net realization would be computed for each division separately and then divided by the number of resin blazes tapped/auctioned to arrive at the royalty figure per blaze for each division;
- (iv) this base price/interim price per resin blaze for each Division for the year 1974-75 would be linked to the weighed average price of Rosin obtained by the Forest Corporation during 1974-75; and will form the base price/interim price of subsequent rate for each blaze;
- (v) for future years, the base rate/interim rate of resin blazes will remain the same as for the year 1975-76 and would be increased or decreased in the proportion of increase or decreased in the weighed average rate obtained for that year over the weighed base average rosin rate for the year 1974-75.
- (vi) the price of resin blazes will be reviewed by the Government each year based on the above formula;
- (vii) the royalty of 1975-76 will form the base rate/interim rate for 1976-77 till the final rates of royalty for 1975-76 are intimated to the Corporation by April/May, 1976 based on weighed average rate of the Rosin of the current year. This method will be adopted for the subsequent years thereafter;

3. that the Government has entered into 10 years contract with M/s Himachal Turpentine Products (P) Ltd. Kala Amb and M/s Turpene Industries, Mehatpur for supply of turpentine oil at predetermined rates, the Corporation shall be entitled to rebate equal to the difference in the market rate of turpentine oil and the rate of supply to the industries for the year for actual supplies made by the Corporation. This total sum would be deducted from the total royalty as rebate.

4. That the Government building, resin shed, vehicles and stores, of the above divisions being used for resin tapping work shall be transferred to the corporation at the current depreciated book value, worked out by the Government subsequently.

5. That the value of the fixed assets transferred to the Corporation under condition No. 4 be treated as paid up share capital of the Government in the Corporation.

6. That the expenditure incurred by the Government for setting up of crop and purchase of tools containers etc. for 1975 season during 1974-75 as well as the amount incurred till the date of transfer of resin tapping work to the Corporation will be paid by the Corporation to the Government within the financial year 1975-76, i. e. upto 31-3-1976.

7. That the Government liabilities as outstanding on the date of transfer like arrears of pay and allowances, bill of any store, legal or any other expenses arising from resin tapping works accrued will be discharged by the respective Conservator of Forests Nahan, Bilaspur, Kulu and Dharamsala from the Forests department budget.

8. That the managerial cadre of the Corporation i.e. Managing Directors, General Managers, Divisional Managers, Sub-Divisional Managers and Assistant Managers etc. shall be manned by the officers of IFS cadres and Forest Rangers, incumbents of these posts be placed on deputation with the Corporation on usual terms of deputation, as already approved by the Government as per Annexure 'A', 'B' and 'C' of this notification.
